

Release Notes PrimePortal 4.1

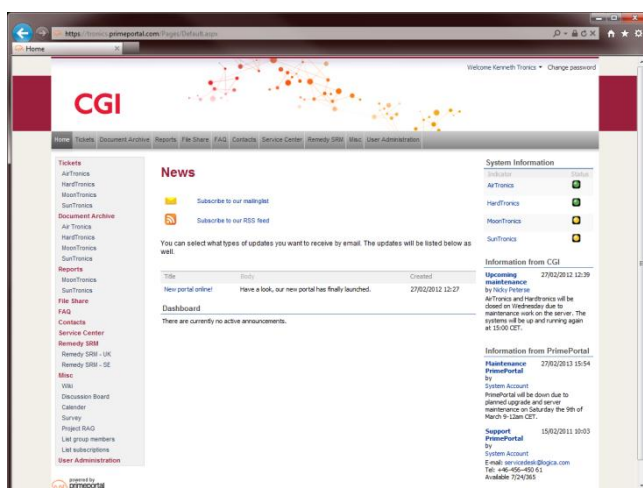

This release contains new and enhanced functionality.

CGI TRANSITION

New layout

A new layout has been created with CGI logotype and colors.

All current portals have been upgraded.

PRIMEPORTAL 4.1

CGI TRANSITION

- New layout

LOCKED OUT ACCOUNTS

- Forgot Password Component
- User administration

#DEFINE4 MIGRATION PROJECT

EXAMPLES OF NEW PORTALS

- RWS
- UK Power Networks
- Smart data service

LOCKED OUT ACCOUNTS

To improve security we have added functionality which locks a user account if they enter the wrong password three times.

To support this we have upgraded our tools so the user or portal administrators can unlock accounts.

Forgot Password component

To unlock an account the Forgot Password component has been upgraded.

Now users must go to the [Forgot Password page](#), enter their email address and then click on the link in the corresponding email.

If the account is locked out, it will be automatically unlocked and an informational message will be displayed about this.

We also recommended user continue to the change password process after an account has been unlocked.

User administration

Portal administrators are able to detect and unlock users that have been locked out.

By opening a user you will see an information message and the unlock button will be enabled.

First name*	Last name*	E-mail*
John	Doe	john.doe@microsoft.com
User id*		
johndoe		
Description		
Test user		
* Required fields		
Group(s)*		
<input checked="" type="checkbox"/> All Areas - Test description		
<input type="checkbox"/> Fileshare Admin -		
<input type="checkbox"/> OrderDashboard -		
<input type="button" value="Save"/> <input type="button" value="Delete"/> <input type="button" value="Unlock"/> <input type="button" value="Cancel"/>		
New Password		
Generate a random password and send by email:		
<input type="button" value="Generate and send"/>		

#DEFINE4 MIGRATION PROJECT

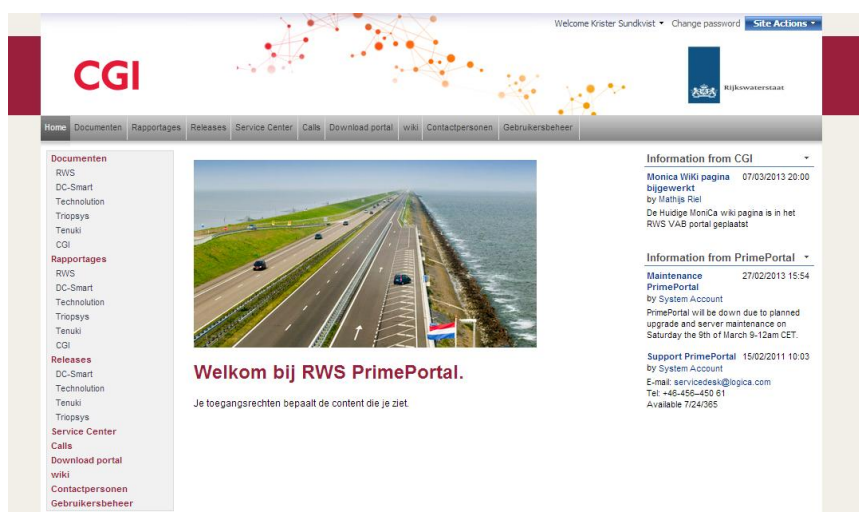

During this year all #define3 projects will be migrated to #define4. Portals that have #define3 integrations will be upgraded.

You can read more about this project [here](#).

EXAMPLES OF NEW PORTALS

During this release period we have setup new portals for new or existing Logica clients, below are some examples.

RWS - Netherland
